## INTERESTING ITEMS FROM EL VERANO AND VICINITY.

Weekly Record of all the Happenings in His Town  
as Faithfully Recorded by Our Wide-Awake  
Reporter, "Archie McKiver."

Geo. Weaver visited Glen Ellen Friday evening.

Attorney John Tyler Campbell of Santa Rosa was here Sunday.

Mrs. W. M. Diehl is visiting in San Francisco this week.

Chas. McGill was transacting business at the county seat Wednesday.

Mr. Watts and family of San Francisco are spending a few weeks here.

Miss Nellie O'Brien transacted court business in Santa Rosa Wednesday.

Hank Moore of the Spreckels ranch spent last week in the exposition city.

Richard McGill, accompanied by his sister, is visiting this week in Berkeley.

Mrs. A. Gale and Mrs. George Gale visited friends at the county seat Tuesday.

Miss Lue Block is visiting her sister Mrs. Maxwell Couts at Kenwood this week.

Leo Baines and Albert Rossi were sightseeing in Santa Rosa Saturday evening.

L. L. Lewis was a Sunday afternoon Southern Pacific passenger for San Francisco.

F. A. Riser returned home from Guinda, Yolo county, the latter part of last week.

Dan Singleton, a San Francisco liquor man, is registered at the Bellevue Hotel this week.

James Oliver of San Francisco came up Tuesday evening and is a guest at the Lewis ranch.

John Basilou, our well known chin scraper, spent the fore part of the week in San Francisco.

Tom Walsh was here from Glen Ellen Saturday and spent the following day at the Kearney home.

Surveyor Warboys of Kenwood was in town Monday to do some surveying on the L. L. Lewis ranch.

J. G. Marcy, the well known Sonoma plumber, was in town Saturday shaking hands and renewing old acquaintances.

W. A. Whitney and other officials of the Southern Pacific Co. passed through here Saturday on a special train en route to Santa Rosa.

Dave Carriger of Phoenix, Arizona, returned to his home in that city Tuesday morning after a brief visit with his sister, Mrs. L. L. Lewis.

Mr. and Mrs. L. Lalanne of Burlingame came up from that place last Friday and spent Saturday and Sunday at the home of Mr. and Mrs. Dutil.

The new buildings erected by the Sectional Building Co. on the Mathewson tract are nearing completion and the place now has the appearance of a town.

Charley Childs of Sonoma visited here Sunday and says he is delighted with his new position. He promises to be heard from in poultry and chicken raising circles.

Joe Ryan, Deputy Sheriff, passed through here last Saturday with a prisoner whom he registered at the Hotel de Smith, Santa Rosa, returning home on the afternoon train.

George Weaver and Albert Rossi captured an inmate of the Feeble Minded Home last Wednesday. The escape was headed towards Vallejo. The lad was returned to the home.

A gravel trust, it is said, is the latest here. This trust resembles very much the graft fight trust in San Francisco during the reign of Mayor Schmitz's administration in that city.

Jim Small of Vineburg passed through here Monday. He sized our town up and pronounced it growing rapidly and admitted that Vineburg was not in it with this village.

Geo. Hardman, a reporter on a Sonoma paper, accompanied by Al Lerkhe, a wholesale grocer and dealer of the Potrero, San Francisco, passed through here Sunday en route to the Baxter tract, where the latter has purchased a small farm.

A. D. Graham has received his appointment as Wells, Fargo & Co's express agent at Boyes Springs. The office has already been opened and it is Mr. Graham's intention to enlarge his store this spring to be prepared for the summer rush.

Charley Cowan, a rising young society chap here since he made his debut at Sonoma one night last week as a star singer at the Don Theatre, has been sought for by several theatrical managers. Chas. is some singer and promises to be the Richard Hose of Sonoma.

Leon Mouyer now has his fine large boat floating in the McCloskey creek. Leon had a large party of friends on a creek excursion Sunday which was enjoyed immensely. Leon is a first class boatman and gave the sight-seeing party a lively ride. They are all looking forward to the next excursion.

What has become of Easy Jim, the correspondent at Vineburg? We all missed his newsy items last week and also his charming girl correspondents. We are worried thinking that Oregon Bill may have beheaded him or perhaps he has eloped with one of his charming young girl correspondents.

The Southern Pacific Co. has shipped to this place two carloads of gravel from Livermore. Section foreman Walton and his crew have been busy all week spreading it around and filling in the low places on the depot grounds here, which had been in a very bad condition since the recent rains.

Gabriel Sears, the well-known aborigine of Agua Caliente, celebrated his fifty-sixth birthday Sunday. Jack Palmer, a noble red man from the forests of Schellville, and other tribesmen were present. After a big pow-wow Gabriel's guests departed for their respective homes wishing him many more birthday anniversaries.

The terrific thunder storm on Friday morning of last week caused the death of a valuable horse at Boyes Springs. It appears that the animal became frenzied at the booming of the thunder and flashes of lightning which accompanied it, and in rushing madly around ran into an oak tree and dashed its brains out. The animal belonged to an employee of the springs.

The Santa Rosa Press-Democrat in its recent special edition telling of the different towns in this county must have overlooked El Verano, as it was not even given a place on the map of the county that was printed on one of its pages. This town is the principal place on the line of the Southern Pacific between Santa Rosa and Vallejo and the publishers should at least give it representation on their map if nothing else.

The quietness of our little burg was thrown into wild excitement last Monday when the horse attached to the spring wagon of Fritz Bohleg, standing in front of the lumber yard, became frightened and ran away. Al Block, who was working in the lumber yard, gave chase and after going at a terrific clip for a half a mile overtook the frightened steed. Jumping into the wagon Mr. Block brought the animal to a standstill. If the writer could sprint as fast as Mr. Block he would be looking for honors against some of the crack marathon champions.

E. O. Gates was in town the latter part of the week circulating a petition for a Local Option election to be held in April at the instigation of the Prohibitionists. This election will decide whether this supervisory district is to remain wet or go dry. If this question ever comes to a vote it will be one of the bitterest elections ever fought out at the polls in this section of the county. Both sides, it is said, will fight to the last ditch. The way things look now the contest will result in the downfall of the Prohibitionists, as everything in the territory involved is running along in prosperous lines, and the people in all walks of life are resenting a measure that will bring business disaster upon them.

## Sonoma Valley's New Election Precincts

At the January session of the Board of Supervisors many important changes were made in the various election precincts of the county. This change was made necessary on account of our new women voters, who are registering for the State primary in May; the municipal election in Sonoma in April and the Local Option contest in this supervisory district when it will have been ordered by the Board of Supervisors. The changes in the various precincts in this valley are as follows:

## PERSONAL AND SOCIAL NOTES AND HAPPENINGS IN TOWN.

Doings of the Various Sets in this City and Its  
Immediate Vicinity--The Goings and Comings  
and Other Items of General Interest.

Emile Albers Jr. came up from the metropolis Sunday morning.

John Picetti transacted business in the metropolis on Friday of last week.

Mrs. Weyl returned to her home in Tiburon on Sunday last.

The City Trustees meet in February session next Wednesday evening.

Harry Lutgens spent a few days in San Francisco the latter part of last week.

Miss Alice Burg has returned home after an absence of some time in Fresno.

Miss Marie Brouquet was here from the city one day the fore part of the week.

Miss Emilie Poppe was here from Berkeley on Saturday and Sunday last visiting her folks.

Misses Georgie Andrews and Ramona Granice were the guests of friends in Eldridge last Sunday.

Mr. and Mrs. M. Harashty and daughter Juanita were passengers to the metropolis last Sunday morning.

Jerome Jansen, the well-known telephone operator of this city, has been confined to his bed for the past week on account of sickness.

Mr. and Mrs. Chas. LaTorres and daughter went down to San Francisco Sunday, where they spent the day with friends and relatives.

John Picetti, manager of the Sonoma Valley Furniture Co., has leased the ground floor of the Masonic Temple building for a period of five years, and will move his store into the same about the middle of this month.

Rutell Persiani, a blockmaker employed in Manuel's basalt block quarries near Kenwood, was seriously injured Monday by a large boulder rolling upon him. The injured man, whose back was wrenched and the tendons of his legs badly cut, was taken to Santa Rosa for surgical treatment. It is said he will recover.

Bob Pettis, the sixteen-year-old Indian boy, recently arrested by Deputy Sheriff Joe Ryan for stealing a rowboat where it was moored near the Sonoma Drawbridge was taken to Santa Rosa by his captor and lodged in the county jail, Saturday, to answer for his crime. It is probable the lad will be sent to one of our reformatory institutions.

On Saturday, January 27, 1912, a silver watch attached to a silver chain, on the road between Sonoma and El Verano. Finder will leave at Robert A. Poppe's office, in the City Hall, and receive reward.

A. Pinelli will give an opening in his new Victoria Saloon this evening. The place since being rebuilt is a great improvement over the old quarters, being handsomely appointed in every detail.

**Cadets No. 3 vs. Cloverdale**

On Saturday evening last Cadet Basketball team No. 3 journeyed to Cloverdale, where it tried conclusions with a five from that place.

Both teams put up a good game and when the whistle blew at the end of the second half the score stood 24 to 17 in favor of the Sonoma lads. It was said that it was the best game ever played in the Orange City.

The lineup of the Cadets was as follows:  
Forwards--Bateman and Colton.  
Guards--P. and A. Carmer.  
Center--Fisk.  
Rev. Roberts accompanied the boys on the trip.

**Returns to Our Valley to Engage in Business**

R. A. Kennedy, for many years a resident of Schellville, but who has been engaged in business in Oakland for half a decade, has returned to his old stamping ground at Embarcadero, where he will open up a lumber yard. Mr. Kennedy has many friends among the old families of Sonoma Valley, who will be glad to learn he has returned here with his family.

**Growing Weather**

The weather the past week has been warm and pleasant and with the fine rain of last week early sown grain and pasturage is growing rapidly under the genial rays of a midwinter sun. The valley and surrounding hills are now mantled in green, which assures our farmers and dairymen an abundance of green feed from now on.

**Orchestra For Don Theatre**

An excellent orchestra has been engaged in connection with their moving pictures by Messrs. Collins & Mohr for the Don Theatre for every Saturday night. The orchestra is composed of the following musicians: Mrs. A. J. Bateman, piano; F. Knolle, violin; A. T. Jansen, cornet; H. Hustice, trombone. Admission 10c.

## The Local Option Conspiracy.

J. K. Bigelow, who started the Local Option crusade in this valley a few weeks ago, realizing that he is up against it and that his crusade against the hotels and resorts and in fact the entire business interests of the Sonoma Valley is meeting with an opposition he little wot of is now endeavoring to hedge and with that object in view is essaying to effect an armistice with the resort keepers to the end that he call off the threatened Local Option election. Now let him muzzle his war dogs, as he ought to do. It is up to him. He precipitated the contest against the business interests of this valley by evoking the aid of the Wiley Local Option law, a most dangerous weapon in the hands of a designing man. Now, he is talking compromise, whatever he may mean by that. Right here we will say that the people of Sonoma Valley have nothing to compromise. As remarked above, it is up to him whether he throws down the Prohibitionists of this supervisory district in his frenzied efforts to ride into office at the primaries in May. This is a matter to be compromised with the Prohibitionists and not with the whiskey men.

The Wiley Local Option bill will continue to hover over the heads of the people of this valley like the Sword of Damocles, ready to descend at any time, a weapon that will always be a menace to the business interests of this valley until it is expunged from our statute books, or given its quietus at the polls in such an emphatic manner it will cease to be a weapon in the hands of the prohibitions to be feared by our hotel and resort keepers, our vineyardists and winemakers, our merchants and shop-keepers and our mechanics and working people.

This prohibition movement under the Wiley Local Option law must be fought out sooner or later in this valley and realizing that Bigelow and his few followers are already beaten at their own game those who are up in arms against his vicious crusade to take the bread and butter out of the mouths of our people have nothing to compromise, and certainly are not going to show the white feather to an already defeated man. Bigelow started this prohibition crusade, which has for its purpose the annihilation of business of all kinds in this valley, to please a few fanatical reformers. Let him stand to his guns. The people of this valley have all kinds of fight in them when it comes to doing battle for the privilege of earning a living but nothing to compromise.

## Underhanded Methods.

We are advised that underhanded methods are being resorted to by the Prohibitionist crusaders in their efforts to secure the necessary number of signatures to the Local Option election petition being circulated in this Supervisory district. Finding it an uphill task to secure signatures to the villainous document it is said those who are circulating the same are resorting to subterfuge and deceit in securing signers to the same. Voters, in several instances, have been told when asked to sign their name to the petition that it called for a reduction of the number of saloons in the valley, the real purposes of the petition being withheld from the questioner. This is a very questionable way, to say the least, of securing signatures to a paper that would put every resort in the valley out of business, barring none. Nothing is to be gained by such reprehensible tactics. But, then, you know, signatures must be obtained, if not by fair then by foul means.

We warn voters to scan carefully any document they are asked to sign these days in order to know just what they are signing. Don't take the word of the crusading Prohibitionists who are now invading this valley in their efforts to cast upon it the withering blight of prohibition. Forewarned is forearmed. Therefore we say to voters, sign no papers without first making sure what they call for.

The Southern Pacific has so far contributed to the Panama California Exposition the sum of \$350,000, and \$20,833.33 to the San Diego Exposition.

## Woman's Power Over Man

Woman's most glorious endowment is the power to awaken and hold the pure and honest love of a worthy man. When she loses it and still loves on, no one in the wide world can know the heart agony she endures. The woman who suffers from weakness and derangement of her special womanly organism soon loses the power to sway the heart of a man. Her general health suffers and she loses her good looks, her attractiveness, her amiability and her power and prestige as a woman. Dr. R. V. Pierce, of Buffalo, N. Y., with the assistance of his staff of able physicians, has prescribed for and cured many thousands of women. He has devised a successful remedy for woman's ailments. It is known as Dr. Pierce's Favorite Prescription. It is a positive specific for the weaknesses and disorders peculiar to women. It purifies, regulates, strengthens and heals. Medicine dealers sell it. No honest dealer will advise you to accept a substitute in order to make a little larger profit.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

Dr. Pierce's Pleasant Pellets regulate and strengthen Stomach, Liver and Bowels.

## This is Knocking Sonoma Valley With a Vengeance.

The organ of the Prohibitionists in its frenzied efforts to destroy the reputation of one of the most lovely and moral valleys in all California—embracing a strip of territory twenty miles long and ten miles wide without one brothel or gambling house in its entire area—publishes the following libel on its fair name:

"It is the desire of the Expositor to lift up. There are others who desire to pull down. Every man in Sonoma Valley is doing one thing or the other. Do you believe in a better, cleaner valley, a valley of homes, or do you wish to have this nature favored spot marred by continuing to be an annex to the Barbary Coast of San Francisco? It is up to you."

Foorsooth, Sonoma Valley an annex to the Barbary Coast of San Francisco! Now, what do you think of that? Verily, "whom the gods would destroy they first make mad."

### "Easy Jim" Tells in an Interesting Way all About the Week's Happenings in and About His Section of the Valley.

A carload of choice Wellington coal landed at Batto's Spur on Wednesday morning.

Miss Mary Batto returned to San Francisco Sunday morning after a visit to her parents here.

The Lake View Club of Oregon were the guests of the Jaspers in North Vineburg on Wednesday evening of last week.

How can a man have one blue eye and one black eye? Just ask Jim Small. He will tell you how it can happen, but don't ask the ladies.

Ken Weaver was a visitor and transacted business in Vineburg on Wednesday of last week. El Verano's well known citizen was a busy man for a while.

It seems rather strange that lately we hear nothing of his honor, the Mayor. Well, just leave the Mayor alone. This is leap year and his honor knows it.

We are glad to inform the many friends of Charles Nau, who has been ill for the past two weeks, that he is improving and we all hope in a short time Charlie will be himself again.

One day last week we had the pleasure of shaking hands with our old friend Victor Donahue better known among his many friends as Vic. Now believe me, we are all glad to see you, old boy.

We met an old friend of ours on Sunday afternoon and he looked so pleased and happy, and as he was coming from the right direction, we surmised that probably she might have proposed. May-be.

A grand banquet will be held in Vineburg in the near future by one of Sonoma's fraternal societies at the Vineyard Villa, the pioneer family resort of Vineburg, and on that occasion the name will be changed to the Maison Dore.

One of our society men attended the recent grand ball at Glen Ellen and being quite a pedestrian concluded to walk home. Everything came his way until he reached Sonoma. Now he says that its streets are so dusty that the next time he walks he is going to ride.

Vineburg Feb. 2, 1912.

Dear Easy:

What has become of all your lady friends? I never hear any more of Minnie Madden, Ethel Eastlake or Viola Vineburg. Have they all given you the goodbye? Poor Easy, too bad.

I hear they have a funny man in Vineburg who tells ladies funny stories and makes them laugh, but he'd better look out for the B B's or else he will get stung.

I have just received a note from Minnie Madden and she asks me to drop you a few lines as she can't write this week because she has got a sore toe. But Easy, I never knew that Minnie wrote with her feet till just now. Did you?

Yours as ever

## High School Debate

An interesting debate is to take place between Sonoma and Santa Rosa High Schools, in Santa Rosa, Friday night, February 9, 1912. The subject of the debate is that "Should United States Senators be Elected by Direct Vote of the People?" Sonoma has chosen the affirmative side of the question. The team will be selected from the following named students: Clara King, Hamil Wagon, Frederick Duhring, Harold Wise and Harry Lutgens. Sonoma will be represented by a number of supporters to root for the team.

## Sonoma Independents Win

On last Saturday evening, in Union Hall, a large crowd of Sonoma people witnessed one of the most exciting games played here this season between the Dannebaums of Vallejo and the Sonoma Independents. The score was 17 to 25 in favor of the latter. Both teams did some excellent playing and the locals were held down pretty close in the first half. Otto Dresel was one of the star players of the Independents, caging most of the goals. The rest also played a good game and at the end of the first half the score was 14 to 14.

In the second half the Vallejo boys were not in as good shape and only scored three points, while Sonoma made 11.

The line up was as follows: Forwards—Dresel and Logan. Guards—Trowbridge and Trusty. Center—Greely.

A social dance was enjoyed after the game, Mrs. Pauli furnishing the music.

## Women!

If weak, you need Cardui, the woman's tonic. Cardui is made from gentle herbs, acts in a natural manner, and has no bad results, as some of the strong drugs sometimes used. As a medicine—a tonic—for weak, tired, worn-out women, Cardui has been a popular success for over 50 years.

### The Woman's Tonic

Mrs. Lula Walden, of Gramlin, S. C., followed this advice. Read her letter: "I was so weak, when I first began to take Cardui, that it tired me to walk just a little. Now, I can do all the general housework, for a family of 9." Try Cardui for your troubles. It may be the very remedy you need.

## CITY TRUSTEES IN ADJOURNED SESSION

Pass to First and Second Reading the New Liquor License Ordinance—Other Matters

The Board of City Trustees met in adjourned session last Monday evening, a full Board being present.

The first matter that came up for discussion was that of fire hydrants for the Lewis water system, the Board having met for the purpose of receiving proposals for the same, as advertised in these columns. Only one bid was received, that of Marcy & Son of this place, which was laid over.

The next matter that came up for consideration was the granting of a liquor license to A. Beretta to conduct the premises recently owned by F. C. Fouts. The license was granted, the only negative vote being that of Trustee Wagon.

The pricing committee was instructed to procure the necessary form of receipt for sewer connection.

The sewer committee was instructed to advertise the sewer farm to lease for a term of five years and to draw up a contract covering that period, the contract to be let to the highest responsible bidder.

A warrant was ordered drawn for \$120, in favor of the Mathew Co., balance due on septic tank construction.

Ordinance No 121, to take the place of the old ordinance regulating the sale of liquor and the conduct of saloons inside the incorporated limits of the city was passed to second reading, and will be put upon third reading and final passage at the regular meeting of the Board next Wednesday evening. This ordinance repeals the old liquor ordinance and limits the number of saloons to the present number—nineteen. It also provides a penalty for any violations of the ordinance and makes many other important changes. This ordinance will no doubt meet with the approval of the Knights of the Royal Arch, which stands for the proper observance of all laws and ordinances governing the sale of liquor. It places the closing of saloons at 11 o'clock, with provision for special permits to keep open later on special holiday occasions.

## AUTOMOBILES BY THE CARLOADS.

A Special Train of Fifty Double Deck Cars Now on its Way Over the S. P. With the Man-Killers.

A special train of fifty double-deck cars of automobiles—a larger single shipment than was ever made to any three states—is on its way to the state of California over the Southern Pacific lines. This special train, which left Flint, Mich., last Thursday morning, contains 230 automobiles of various designs aggregating a total value of \$309,000.

California is buying automobiles by the train-load while the east and middle west are crying panic and hard times. It is one of the best evidences of the prosperity of California that has been advertised throughout the country in many years," said a prominent state official when informed of the departure of the shipment.

A special representative of the Southern Pacific and of the Howard Automobile Company of San Francisco have arranged to accompany this train during the entire trip. This special will be run on a daylight schedule over the lines of the Grand Trunk, Rock Island, Union Pacific and Southern Pacific and will be open for inspection at important towns throughout the journey. In the middle west the train will carry banners advertising the fact that California is the only state in the Union which ever assimilated such a shipment of automobiles. Every person who views this train enroute will be impressed seriously with the fact that there is wealth in California. Every possible means of advertising California by this train across the continent will be utilized by the Southern Pacific.

The 230 automobiles will be insured in California for \$250,000 and a license of \$5 for each machine will be paid to the state before delivery to purchasers. Seventeen carloads of these machines are destined to Los Angeles while the remainder will be distributed at San Francisco, Stockton, Sacramento, Oakland, Fresno, Bakersfield and other cities.

## Sonoma Valley Wine For New York.

Sebastiani & Co., of this place have established quite a market for Sonoma Valley wines and brandies in the city of New York, and large quantities have lately been shipped from their siding in this place to that city direct. On Tuesday a carload of zinfandel was shipped to a firm the Empire City and will be followed by others from time to time.

## The Hay Market

Somers & Co., report the condition of the hay market since our report of last week as follows:

"Receipts of hay on the San Francisco market continue to remain about the same, the total arrivals during the week amounting to 2045 tons. Trade is still very quiet locally but there is still much hay moving throughout the interior of the State at satisfactory prices. In some sections the grass is growing fairly well but nevertheless hay is being fed extensively, especially in the southern part of the state, which continues to draw on this section for hay in considerable quantity and, in all probability, they will call on our districts for more. Shipping trade is rather quiet, which undoubtedly accounts to a great extent for the slow movement of hay on this market.

"There is very little alfalfa being offered and although the demand at present is not as active as it has been in the past, yet there is considerable movement in this article.

"Straw is quiet, receipts being comparatively heavy, but yet not sufficient to cause any decline in prices."

## The Coughs of Children

They may not cough today, but what about tomorrow? Better be prepared for it when it comes. Ask your doctor about keeping Ayer's Cherry Pectoral in the house. Then when the hard cold or cough first appears you have a doctor's medicine at hand. This cough medicine is especially good for children. No anodynes. No alcohol.

Many a child is called dull and stupid when the whole trouble is due to a lazy liver. We finally believe your own doctor will tell you that an occasional dose of Ayer's Pills, sugar-coated, will do such children a great deal of good. Ask him.

## THE BISHOP AND THE BELLS.

Why the New Set of Chimes Did Not Ring True.

As illustrating how the simple facts of life are forgotten or overlooked by one whose mind is occupied with greater things a New Orleans clergyman told an anecdote of the late Bishop Newman of Washington.

"I was a young curate in Washington," said the clergyman, "at the time the Memorial church was being built. The bishop, at no little expense, had a set of chimes made, and it was his hope to have them ready in time for the dedication of the church.

"Well, the bells were delivered ahead of time by the makers, one of the best firms of its kind in the country, and men were being sent to hang them as soon as the belfry should be ready. But the bells were finished off plain, and this was not at all the bishop's idea of what church bells should be, so without telling any one he called in a local firm that did such work and had inscribed on each bell a Biblical quotation appropriate to the chimes.

"A week or more later the belfry was ready. The makers sent their men to hang the bells, and the bishop engaged for the dedication service one of the best chime ringers in the country. He brought him on from Boston.

"As the time drew near the bell ringer took his seat at the bell board, and at a signal started to play. High up in the air began the most awful discord. The bishop dispatched a messenger posthaste to order the performer to stop, for it was the bishop's idea that either the heat or something else had affected his playing.

"At the close of the ceremony, from which the chimes were omitted, the bellman was summoned to the bishop's study, and the bishop demanded to know by what right he called himself an artist. The chime ringer became indignant and replied it was the fault of the bells. He had played on bells from ocean to ocean and in the cathedrals of Europe, yet he never had seen such things as those in the belfry.

"Impossible," replied the bishop. "Those bells were bought from the best firm in the country. The trouble was with the ringer, not with the bells."

"The ringer would not have it so. His reputation was at stake, so the maker of the bells was sent for and the circumstances related to him. He sat down to play them, but at the first stroke he saw something was wrong. Up he hastened to the belfry to see what it was.

"The instant he saw the inscriptions he understood. The slightest out or nick on a fine bell will ruin its tone, and in his desire to have them appropriate to their task the bishop had spoiled the entire set.

"The maker could do nothing with them, he said. They were good for nothing but old metal. For years they hung silent in the belfry and a new set substituted."—New York Times.

## OUR TRADEMARKS ABROAD.

Precautions Necessary to Protect Them in Foreign Countries.

There is an ever present danger to American shippers through lack of knowledge respecting the protection of their trademarks in foreign countries. In many countries the individual or firm registering a given mark is the owner thereof.

For instance, suppose a merchant or manufacturer were shipping to the Argentine Republic with success, and had not registered his trademark prior to the first shipment; any native there who had sufficient money to register same could levy a toll on the American shipper. If this was refused the one who had registered the mark could prevent business being done under the mark in question unless paid outright for his priority interests or a commission arrangement was made.

Some countries before issuing trademark registration certificates demand proof that the mark has been registered in the country from whence the goods came. Others do not. The only safe way is to register trademarks covering goods suitable for any given market before introducing them.

When trading with the far and near east great care must be taken that no trademark shall be the picture of a sacred animal, or with the Chinese anything that means bad "joss."

The trademarks ordinarily used by American manufacturers, such as Indian names, variations on the names of the manufacturer himself or of the city in which the goods are made, are unintelligible and therefore not interesting to or easily remembered by the eventual buyers in foreign countries, and as a large part of the regular export staples are imported for sale to the untutored masses, who buy largely by trademark, it is advisable to have a mark that will be easily remembered and one that appeals to the ideas of the ultimate consumer.

Once a mark becomes popular it is almost impossible for any other mark to oust it. Many well known trademarks in the far east are today worth fortunes.—Harry Love in Exporters' Review.

### To the People of Sonoma Valley

People in old Sonoma will soon find out that they have a first-class repair shop for shoes and harness, when they deal with the Shoe Hospital on Broadway. This is just what has been needed for a number of years. Poor people always had to buy the old shoes from cobblers who are making a living out of a poor class of people. I have ordered some more machines, so in the near future you will save 50c to \$1.00 on what you have been paying. I am very thankful to the people of Sonoma for their patronage. It takes very little more work to keep two men busy, and I have to run business so that everything pays. If you are not satisfied, don't stop dealing with me, but give me your reason.

F. O. FREDERICKSON
